#### Intergastra Innovation Prize 2020

Let's celebrate together that we will receive the Intergastra Innovation Prize for our newly developed InductWarm® Battery Module. This battery-powered induction module can be integrated in different kinds of mobile buffet systems and keeps food warm up to four hours - with only one battery charge. »[Read more...](#)

We would be pleased to give you more information at the Gastros stand and present the prototype to you.
